

Matsaev's Day at TAU

January 30, 2017
 School of Mathematical Sciences
 Schreiber Building, Room 006

10:40 Refreshments

11:00-11:50 Alexandre Eremenko (W. Lafayette)
Entire functions with radially distributed zeros and 1-points

12:10-13:00 Lev Buhovski (Tel Aviv)
Poisson bracket and approximation theory

Lunch

14:30-15:20 Sasha Sodin (London, Tel Aviv)
The distribution of the Riemann xi-function on the critical line

Refreshments
