October 17, 2013

Dear Partners,

Greetings from Waseda University, Tokyo Japan.

We are very pleased to send you the "Announcement of International Exchange Programs at Waseda University for AY 2014-2015". This announcement offers detailed information on our exchange programs. Moreover, we are indicating the number of students whom we can accept in the next academic year.

Since we have introduced new application forms, please make sure to reload the website before you refer to the page and to confirm the pages are for the 2014-2015 academic year (not for the 2013-2014).

We are also glad to inform you that exchange students have more choices for their study abroad at Waseda University. In addition to Japanese language proficiency, English language proficiency is accepted at School of Fundamental Science and Engineering, School of Creative Science and Engineering, and School of Advanced Science and Engineering. If your students meet the language requirement of either Japanese or English, they are now eligible to apply for these popular schools.

Moreover, starting Fall 2014 admission, Japanese language requirement (completed one term of Japanese language study) at School of International Liberal Studies is no longer required.

**Application Period**
For April 2014 Admission: Between 1 November and 20 November 2013
For September 2014 Admission: Between 1 February and 1 March 2014
